PROFESSIONAL SUMMARY

Software Developer with 6+ years of experience building applications in Python, C#, JavaScript, HTML, CSS, and SQL. Developed web applications, browser extensions, automation tools, Unity mobile games, Android applications, and data-driven software using REST APIs and Git workflows. Strong foundation in object-oriented programming, responsive web development, debugging, testing, and Agile methodologies. Recognized for solving complex technical problems, learning new technologies quickly, and delivering high-quality software solutions.

TECHNICAL SKILLS

Languages: Python, C#, JavaScript, HTML5, CSS3, SQL

Frameworks & Tools: Git, GitHub, Unity, Streamlit, VS Code, Figma

Technologies: REST APIs, JSON, Responsive Design, Automation, Android Development

Practices: Object-Oriented Programming (OOP), Agile, SDLC, Version Control, Testing, Debugging

PROFESSIONAL EXPERIENCE

Independent Software Developer | 2018–Present

- Designed and developed software applications from concept to deployment.
- Built browser extensions, analytics platforms, automation utilities, and interactive web applications.
- Developed and published Unity mobile games to Google Play.
- Integrated REST APIs and automated data collection workflows.
- Managed version control with Git/GitHub and maintained technical documentation.

Production Manager | Metal Sales Manufacturing | 2022–Present

- Lead operations, employee development, scheduling, and process improvement.
- Promoted based on leadership, technical aptitude, and performance.
- Apply analytical problem-solving to improve efficiency and reduce downtime.

SELECTED PROJECTS

- Chrome Productivity Extension – JavaScript, HTML, CSS, Chrome APIs
- MLB Sports Analytics Platform – Python, REST APIs, Streamlit
- Roof Takeoff Software – Python, PDF processing, estimation workflows
- Unity Mobile Games – C#, Unity, Google Play deployment
- Personal Portfolio – Responsive website hosted with GitHub Pages

EDUCATION

Luzerne County Community College – Respiratory Therapy Program

Shenandoah Valley High School – Diploma
